

THE BODY REJUVENATOR

Special Diabetes Edition

ATTENTION: ANYONE CONCERNED ABOUT THEIR BLOOD SUGAR LEVELS

We're elated to report that a new independent, double blind, placebo study has proven the efficacy of an amazing nutritional formula that can help millions of people regulate blood sugar levels, like they never could before—without any harmful side effects. The formula, which is predicted to take the market by storm, is called Body Rejuvenator.

Diabetes is the third leading cause of death in the United States. This product offers a groundbreaking solution to lowering blood sugar levels quickly and effortlessly—for the tens of millions of Americans who are diabetic, pre-diabetic or vulnerable to many types of health problems, due to high blood sugar levels. The Body Rejuvenator works fast, it tastes **great** and best of all it's affordable!

Take a look at what one enthusiastic customer said about this "amazing" formula:

"My name is Clarence Cooper and I am 64 years old. I am self-employed and work as a consultant to pipeline companies both offshore and on land. In the year 2000 I was diagnosed with Type II Diabetes. At that time my Doctor prescribed 2000mg of Glucophage medication everyday. I began by taking 1000mg in the morning and 1000mg at bedtime. I also took 4mg of Amaryl, 4 mg of Avandia, and 160 mg of Tricor everyday to help keep my blood sugar level below 120.

About a month ago I started taking 1oz. of Body Rejuvenator every morning, one hour before breakfast. After only two days my energy level increased and my blood sugar level decreased to below 90. Now I am only taking 1000mg of Glucophage per day and I have discontinued

all other medication! With the help of the Body Rejuvenator, my blood sugar level is currently around 90 to 120. I am feeling much better.

I continue to follow up with my doctor, monitor my diet and tell everyone, what a "truly amazing product this is!"

HER BLOOD SUGARS WERE GOING CRAZY AND THEN SHE DISCOVERED THE BODY REJUVENATOR

Balancing your blood sugars can bring back those incredible feelings of youthfulness! Another customer named Donna, who was diagnosed as diabetic, had almost immediate results with the Body Rejuvenator. At first she tried another liquid formula, hoping to get a handle on her runaway blood sugars

but instead her sugars went "crazy".

Then she tried Body Rejuvenator. On the second day after she began using it, her blood sugars stabilized. The Body Rejuvenator works fast!

THE EPIDEMIC OF DIABETES

If our blood pressure levels were exceptionally high we would likely consider it an emergency to call a doctor or go to a hospital to have it checked out. That's how serious we take high blood pressure.

Many health professionals are

now realizing that, whether or not we're ever diagnosed with diabetes,

chronically high blood sugar levels should also be taken very seriously.

High blood sugar can cause some major damage to our health, including several degenerative diseases as well as negatively affect our moods and destroying our energy levels.

"Diabetes is now reported to affect 1 in 6 of all North Americans". That means 58 million people in the US have Diabetes!"

USA TODAY READS: "STUDY: 73 MILLION AMERICANS HAVE DIABETES OR ARE AT RISK."

The article states, "Nearly a third of Americans, more than 73 million adults, have diabetes or higher than normal blood sugar levels..." The National Institute of Diabetes and Digestive and Kidney Diseases conducted this alarming study.

The study concludes, "there's a tremendous problem in this country with diabetes, pre-diabetes and undiagnosed diabetes that really represents a genuine epidemic."

Hopefully this study will be a wake-up call for the tens of millions of Americans

who may not be yet diagnosed with diabetes I or II, but because of their high blood sugars, are at risk of heart disease, diabetes or a plethora of other degenerative diseases.

"Unbalanced blood sugars are causing some of the most serious challenges in our world today—from energy slumps to stress, to mood swings to degenerative diseases, including Type I and Type II Diabetes."

According to this study, if you live in America, the chances are at least one in three that your blood sugar levels are way too high.

HAVING HIGH BLOOD SUGAR IS A LOT LIKE HAVING TERMITES IN YOUR HOME!

Whether you're ever diagnosed with a disease or not, having high blood sugar is serious business.

To quote The Sugar Solution by Rodale Press, **"Having high blood sugar is a lot like having termites in your home."**

Serious damage can happen well before you notice something's wrong. But caught in time, most high blood sugar can be corrected before lasting damage occurs, says Gerald Bernstein, MD, associate clinical professor at Albert Einstein College of Medicine in New York City."

"With the Power of These Botanicals from the Earth and Sea It's No Wonder the Body Rejuvenator Works So Well!"

THERE IS NOW A COMPLETELY NATURAL WAY TO HELP MAINTAIN HEALTHY BLOOD SUGAR LEVELS!

The Body Rejuvenator is a liquid nutritional formula designed to help you build a powerful foundation for youthful energy and vitality. It is one of the few nutritional supplements in the world today that has gone through extensive double blind placebo clinical testing—with 50 subjects.

The results from the tests are outstanding! **Rarely will you find any other liquid nutritional formula on the market today with clinical studies to back them up. Double blind research with these kind of results is dramatic evidence setting this product apart from others!**

They're completely anecdotal—non scientific. With the Body Rejuvenator you don't have to take our word for it.

Read the results of the clinical trials.

Keep in mind that the testing was done by a third party, independent FDA approved laboratory.

The results proved the Body Rejuvenator has a powerful effect upon stabilizing and improving blood sugars, Triglycerides, Cholesterol, Immune Profile and C-Reactive Proteins.
